Re: Cannabis Garden Position

Dear Canna Life Productions:

I have been working in physical labor jobs since 2014. As a general laborer, I have experience using tools for construction, painting, and with cannabis plants. My ability to work as a team player and my passion for the cannabis industry makes me an ideal candidate to join the Canna Life Productions team.

I have been working for Great Construction for two years. I can use light construction tools safely and efficiently. I know how to follow procedures and report a potential problem to management. My job requires me to show up on time with a positive attitude. Each day we are assigned to work with a team of 3 to 5 people out of the 20 people who work there. My managers will attest that they can put me with anyone at any time, and I never have a problem.

While working at Paint My House, I gained valuable skills that translate into cannabis work. I was required to clean up job sites at the end of the day. I would clean all of the equipment using paint thinner and other chemicals. I am good at working with my hands for hours at a time. Sometimes, I would hold a paint brush or roller all day. I am able to keep moving throughout the day and I have stamina on a job site. I can take a large job and break it into pieces, accomplishing a large amount of work at the end of the day.

I have three years of personal cannabis experience. I have assisted in hydroponic and soil grows. I know how to water plants, balance PH levels, and harvest plants. I have spent hours trimming and know that I can process two ounces of cannabis an hour. I can sit for eight hours at a time, taking minimal breaks. I have also earned a Master Certificate from Cannabis Training University, where I learned about the latest industry techniques. These skills will help me succeed at Canna Life in the Cannabis Garden Position.

Thank you for your time. Please feel free to contact me with any questions or to set up an interview. I look forward to hearing from the Canna Life Productions team.

Sincerely,

Robert Marley
